

ANNEX I

The guideline and its referring documents should help all submitters to fulfill their submission obligation correctly and completely.

This guideline gives information on national requirements and supplementary information on certain data fields of the European submission system Common Entry Gate (EU-CEG) and is structured according to the Data Dictionary of the European Commission (available under https://ec.europa.eu/health/euceg/download_en).

Under this URL you can also find translations of the data fields into all EU-languages.

Note:

- With regard to below stated attachments (marked yellow):
Either the required data or a declaration that this data is not available (if true) has to be submitted.

- The required studies as well as the information on various consumer groups (§ 10d (1) Z 2 TNRS) must fulfill the requirements of ANNEX II

- All files must be made available as PDF or PDF/A
